Message from Chairman :

Dear colleagues,

Anesthesiologists and Intensive Therapist Society of Indonesia was honored to be the host of 19th ASEAN Congress of Anesthesiologists, that will be held on 27–29 August 2015 with theme "Facing AFTA 2015 Challenges: Unity Among ASEAN Anesthesiologist". Through this theme and solidarity recognition, we will hold the highest standard of competence and personal capability as well; thus achieve equality of qualification among all ASEAN anesthesiologist, and fairly compete on welcoming AFTA 2015. Besides, we can introduce each ASEAN country's culture, so we can understand each other better.

Indonesia is a country of cultures, and Yogyakarta denotes that. Yogyakarta serves romanticism, beautiful scenery of nature, and unique kindness as well. As a Capital City on 1946 and Empire city, Yogyakarta is attributed with so many history and cultural heritages. "Tugu Yogyakarta", a philosophical dignity icon of Yogyakarta people, a historical monument placed in the downtown. The beautiful and elegant Prambanan Temple, Hinduism heritage built in 14th century, where traditional Ramayana dance held every fullmoon that served romanticism. The magnificent Borobudur Temple, a Buddhist heritage constructed in 9th century which become one of Seven Wonder World, showing how Yogyakarta already had high civilization on early world's age. Those various background of Yogyakarta shows us that this city represents cultural diversity since then.

"Di Yogya kita ketemu"
