

19thASEAN Congress of Anesthesiologists Program:

Day One. Thursday, 27th August 2015

Time	Room	Room	Room		
07.00 - 08.00	Registration				
08.00 - 08.10	Opening address Sri Rahardjo (President of the 19 th Asean Congress of Anesthesiologists)				
08.10 - 08.20	Committee Report Andi Wahyuningsih Attas (President of Indonesian Society of Anesthesia)				
08.20 - 08.30	Opening speech Bambang Tutuko (President of CASA)				
08.30 - 09.00	The Quentin J Gomez Lecture: Noninvasive Cardiac Output Monitors: A State-of-the-Art Review (Florian Nuovo, Philiphine)				
09.00 - 09.30	Plenary lecture: Perioperative fluid therapy: Does Goal Directed Therapy Work? (Venugopal S Reddy, USA)				
09.30 - 10.00	Coffee Break 1/poster viewing exhibition				
	Cendana 1	Cendana 2	Cendana 3	Ruangan	Ruangan
10.00 – 11.30	Obstetric Critical Care and Obstetric Anesthesia Chairman:	Pain Management and Anesthesia for Children with Malignancy Chairman:	The improvement of technics in Total Intravenous Anesthesia Chairman:	Mini Workshop Mechanical ventilation	Mini Workshop TEE
10.00 - 10.20	Managing hypotension after spinal anesthesia for caesarean section (Susilo Candra, Indonesia)	Liver malignancies, resection and liver transplantation in children (Sushila Sivasubramaniam, Malaysia)	TIVA-TCI Clinical Applications for Special Subpopulations (Chong Chin Ted, Singapore)	Venugopal S Reddy Bambang Wahyu P	
10.20 - 10.40	Rapid Sequence Caesarean section under general anesthesia (Stephen Gatt, Australia)	Anesthetist role in children with malignancy: ethical issues (E. Hanindito, Indonesia)	Should TIVA be made a core competency in anaesthetic training? (Marzida Mansor, Malaysia)		
10.40 - 11.00	Innovative techniques in modern labour analgesia (Alex Sia, Singapore)	(Manoj Karmakar, HK)	TIVA in pediatric (the application, pros and cons, precaution) Vivian Yuen (Hongkong)		
11.00 - 11.20	Anesthetic management of parturients with brain tumors (Connie Cruz, Philippine)	Biopsy in patients with Anterior Mediastinal Mass - GA or moderate sedation (Agnes Ng, Singapore)	TCI for thoracic surgery (Surapong Lorsomradee)		
11.20 - 11.30	Discussion	Discussion	Discussion		
11.30 - 13.00	Lunch Symposium				
13.00 – 14.30	New Era Intensive Care Chairman:	Imaging Approach in Regional Anesthesia Chairman:	Trauma and Emergency Anaesthesia Chairman:	Mini Workshop Resuscitation in late Pregnancy Patient	Mini Workshop TCI
13.00 - 13.20	Monitoring Spinal Cord Perfusion Pressure in Acute Spinal Cord Injury (Kwek Tong Kiak)	Neuroaxial Anesthesia guided by USG (Manoj Karmakar, HK)	Stroke volume variation for Hemodynamic Goal Directed fluid therapy in	Alex Sia Connie Cruz Susilo Chandra	Vivian Yuen Arif Marshaban Surapong

			trauma Brain Injury patients (Kwek Tong Kiak, Sing)		
13.20 - 13.40	Anaemia in ICU/Transfusion in Critically ill Surgical Patients: Indication, risks and challenges (Chen Fun Gee, Edward, Singapore)	The final target for the block performance (Philippe Macaire, Dubai)	New evidence in trauma resuscitation (Wayne Morris, WFSANZ)		
13.40 - 14.00	Myocardial depression in sepsis (Venugopal S Reddy, USA)	Lower Extremity Blocks for the Compromised Patient (Penafrancia Cano, Philipine)	Restrictive fluid regimen in pediatric patients underwent major abdominal surgery and appropriate monitoring for fluid responsiveness (Suwannee, Thailand)		
14.00 - 14.20	Perioperative Goal Directed therapy Monitoring Protocolized Management and timing (Ike Sri Rejeki, Indonesia)	Ultrasound-guided and Landmark Based Upper Extremity Blocks Above the Clavicle (Shahridan Fathil, Malaysia)	When to start transfusion in pediatric trauma Rob Mc Dougal (Australia)		
14.20 - 14.30	Discussion	Discussion	Discussion		
14.30 - 14.45	Coffee Break				
14.45 - 16.15	Refresher course in Pediatric Anesthesia	Neuroanesthesia	Pain	Paper presentation	E-poster presentation
	Capnography (Ruth Camagay)	TBA	TBA Husni Tantra (Indonesia)		
	Pediatric anesthesia in conflict situation (Haydn Perndt, Australia)	TBA	TBA Jocelyn Que		
	TBA	TBA	TBA Mary Suma Cardoso		
	TBA	TBA	Pain Competency for Anesthetist Pongparade,		
	Discussion	Discussion	Discussion		

19th ASEAN Congress of Anesthesiologists Program: Day Two

Friday, 28th August 2015

Time	Room	Room	Room		
08.00-08.30	Lim Say Wan Plenary Lecture: What's new in Pediatric anesthesia (Sushila Sivasubramaniam, Malaysia)				
08.30-09.00	Plenary 2 : Ultrasound guidance in regional anesthesia: state of the art review (Manoj Karmakar, Hongkong)				
09.00-09.30	Coffee Break 1/poster viewing exhibition				
	Cendana 1	Cendana 2	Cendana 3	R	R
09.30 – 11.10	Neuroanesthesia & Neuro Critical Care Chairman :	Interventional Pain Management Chairman :	Cardiac Anesthesia Chairman :	Mini Workshop Paravertebral Block	Mini Workshop Simulation Based Difficult Airway Management
09.30-09.50	TBI: From research to clinical (Thomas Lew, Sing)	Minimally Invasive Interventional Therapy for Herniated Disc Disease (Martin s. Mok,.....)	Perioperative TEE for critical patient undergoing non cardiac surgery (Chairil Gani, Indonesia)	Manoj Karmakar (HK) Philip Macarai (Dubai) Penafrancia Cano (Phil)	Sharidan Fathil Bambang Pujo S
09.50-10.10	The Therapeutic Hypothermia after TBI (Kwek Tong Kiak, Sing)	Post Operative Pain Control For cancer pain Patients who underwent surgery, (Francis O. Javier)	Inhalation anesthesia effects on myocardial protection (Florian Nuevo, Philippine)		
10.10-10.30	Post operative Brain tumor Surgery : delayed or early extubation? (Liem Wee Leong, Malaysia)/Sri Raharjo)	Prevention of chronic surgical pain (Kok Yuen Ho, Singapore)	Minimally invasive monitoring for non cardiac surgery (Surapong , Thailand)		
10.30-10.50	Awake craniotomy : is always challenging ? (Dela cruz Odi Merle/Tatang Bisri	Important role of epidural analgesia in practice of palliative care (Seiji Hattori, Japan)	Mechanism and treatment of vasoplegic syndrome following cardiopulmonary bypass (Marzida, Mansor, Malaysia)		
10.50 -11.10	Discussion	Discussion	Discussion		
11.10 -13.00	Friday Prayer , Business meeting/lunch symposium				
13.00 – 14.30	Tips and Trick in Managing the Difficult Airway Chairman :	Sedation and Anesthesia in Ambulatory Surgery Chairman :	Anesthesia in Difficult Situation Chairman :	Mini Workshop Ultrasound Imaging of facet joint, Sacral Spine and Sacroiliac Joint for Chronic Pain	Mini Workshop Ultrasound in critical care

				Interventions	
13.00-13.20	TBA (Adri, Indonesia)	Procedural Sedation in pediatric outpatient (Agnes Ng, Singapore)	Cross Border Transfer Of Critically Ill Patient (Gunalan, Malaysia)	Tanya ke dr Takdir dan dr Aida	Siau Chiang Adhrie
13.20-13.40	Airway Management in Pediatric Craniofacial Surgery (R.Leelanukrom, Thailand)	The Use of Muscle relaxant for outpatient surgery (Sugamadex-Australia)	Anesthesia in disaster : Philiphine experience (Philip Blum , NCCTRC-Darwin)		
13.40-14.00	Airway Management in Obstetrics (Connie Cruz, Philiphine)	Strategies for Anti-emesis in Ambulatory Surgery (Chong Chin Ted, Singapore)	Anesthesia in dissaster : Indonesian experience (Eddy Rahardjo, Indonesia)		
14.00-14.20	Airway Management in ICU (Untung Widodo, Indonesia)	At What Age is Ambulatory Surgery Safe in Infants (Yunita Widyastuti,)	Anesthesia in military conflict condition (1. Islamic country and 2. Darfur, Sudan) (Haydn Perndt, Australia)		
14.20-14.30	Discussion	Discussion	Discussion		
14.30-14.45	Coffee Break				
14.45-16.15	Obstetrik	BJA Course	Regional anesthesia	Poster Presentation	Free Paper Presentation
	Massive, Torrential Haemorrhage (Stephen Gatt)	How to get your paper published	TBA		
			TBA		
			TBA		
			TBA		
18.00-22.00	Gala Dinner				

19th ASEAN Congress of Anesthesiologists Program: Day Three

Saturday, 29th August 2015

Time	Room	Room	Room
08.00 - 08.30	George Tay Lecture (Presidential forum topic): ?		
08.30 - 09.00	Plennary: topic coming soon (usul : Reducing litigation & Errors in Obstetric Anaesthesia) Stephen Gatt		
09.00 - 09.30	Kelan Lecture (Eddy Rahardjo, Indonesia)		
09.30 - 10.00	Coffee Break		
	Cendana 1	Cendana 2	Cendana 3
	Ethico-medico Legal and Leadership Issue Chairman :	Novel Issues in Patients Safety Chairman :	Education toward Asean Standards Chairman :
10.00-10.20	Ethical Issues on Professional Medical Organization and Commercial Conflict of Interest (Herkutanto,)	Anesthetist non-technical skills and patient safety (R.Leelanukrom, Thailand)	WFSA on Educational Standart (Wayne Morris _WFSA, NZ)
10.20-10.40	Conventional Ethical Leadership : does it need re-alignment (Russell,	Improving safety in daily anaesthesia practice (to err is human, safety culture, non blaming, checklists, IPSG) (Bambang Tutuko, Indonesia)	TBA (Rob Mc Dougal , Australia)
10.40-11.00	Do we need a Standard of Anesthesia Care for Asean Anesthesiologist ? Unity in Standard Quality of Carre (Nancy Margarita)	Learning from critical incidents (the importance of incident reporting system, investigating with RCA and promoting action plan)	The impact of ACGME on Singapore's training system (Chen Fun Gee, Singapore)
11.00-11.20	TBA	Experienced in incident reporting and patient safety (Somrat Charuluxannan, Thailand)	TBA (Suwannee, Thailand)
	Discussion	Discussion	Discussion
11.20-11.50	Closing ceremony		
11.50-12.50	LUNCH	LUNCH	LUNCH
