Programme Summary

DATE TIME	4 TH APRIL 2014 FRIDAY			5 TH APRIL 2014 SATURDAY			6 TH APRIL 2014 SUNDAY		
0730 – 0830	Registration			Meet-the-Professor Session			Meet-the-Professor Session		
0830 – 0915	Plenary 1			Plenary 2			Plenary 4		
0915 – 1000	Opening Ceremony			Plenary 3			Plenary 5		
1000 – 1030	Tea / Trade Exhibition								
1030 – 1200	Symposium 1		Symposium 2	Symposium 5		Symposium 6	Symposium 11	Symposium 12	Symposium 13
1200 – 1400	Lunch Satellite Symposium & Friday Prayers			Lunch Satellite Symposium			Lunch		
1400 – 1530	Symposium 3	Symposium 4	Concurrent Workshop 1	Symposium 7	Symposium 8	Concurrent Workshop 3			
1530 – 1600	Tea / Trade Exhibition								
1600 – 1730	MSA AWARD	MSA AZ YIA AWARD	Concurrent Workshop 2	Symposium 9	Symposium 10	Concurrent Workshop 4			
1730 – 1900	MSA Annual General Meeting			College of Anaesthesiologists Annual General Meeting					
1930	Faculty Dinner <i>(by invitation only)</i>			Gala Night					

PRE-CONGRESS WORKSHOPS 3 RD APRIL 2014, THURSDAY (0830 – 1700 hrs)	
1. Obstetric Anaesthesia Simulation 2. Research for the Novice 3. Difficult Paediatric Airway: No More Fears!	4. Ultrasound Life Support Workshop 5. Deep Block with Neuromuscular Blocking Agents

Pre-Congress Workshops

3rd April 2014, Thursday (0830 – 1700 hrs)

1. Obstetric Anaesthesia Simulation (Limited to 20 participants)

VENUE: Berjaya Times Square Hotel & Convention Centre, Kuala Lumpur

The objective of this course is to highlight key issues required to optimise learning within a synthetic environment. In this course, participants will be taught how to manage crisis in obstetric anaesthesia. This is an opportunity for anaesthetic trainees to experience difficult scenarios in a challenging multidisciplinary environment. There will be hands-on training and practice using simulators. A team of experts in their respective fields with extensive experience will conduct the simulation programme.

FACILITATORS:

Rajeswary Kanapathipillai
Noorulhana Sukarnakadi Hadzarami
Rafidah Atan

Mohd Rohisham Zainal Abidin
Thohiroh Abdul Razak
Nora Azura Dintan

2. Research for the Novice: The Obstacles to Starting (and Finishing) a Research Project and How to Overcome Them (Limited to 20 participants)

VENUE: Berjaya Times Square Hotel & Convention Centre, Kuala Lumpur

SYNOPSIS:

Research and publications are an integral part of the medical profession. The practice of medicine, job opportunities and promotions are dominated by the strength of research. Evidence-based practices and publications are the pulse of our current age of medical practice.

Are you the one who will shy away from research? Does research and related topics daunt you? Are you worried to start because starting is a maze? Here are many reasons why this workshop should interest you...

This workshop prides itself as a stepping stone in building confidence and interest while navigating the researcher in you. The sessions are tailored to cover a broad and wide range of topics that one may find daunting as a novice researcher.

There will be hands-on training sessions. These "hands on" sessions are aimed at introducing you to the world of search engines while understanding the requirements of the NMRR. The Critical Appraisal Workshop comes highly recommended.

OBJECTIVES:

After attending this workshop, the participants will be able to:

- Identify the necessary practical steps for starting a successful research project culminating in publication
- Apply basic clinical research methodology and clinical appraisal into their current practices
- Discuss the process to starting a viable and productive research career
- Conduct the process of literature search with confidence.

FACILITATOR:

Kulenthiran Arumugam

Pre-Congress Workshops

3rd April 2014, Thursday (0830 – 1700 hrs) [cont'd]

3. Difficult Paediatric Airway: No More Fears! (limited to 25 participants)

VENUE: Clinical Skills Lab, Faculty of Medicine UiTM, Sungai Buloh

The Paediatric Difficult Airway Workshop is for trainees and consultants who anaesthetise children and wish to refresh and update skills in managing children with difficult airway. In this one-day course, we aim to discuss the management of anticipated and unanticipated paediatric difficult airway. The format of the day is a combination of short interactive lectures, hands-on small group workshops with different airway adjuncts, and management of airway emergencies in simulated airway & crisis scenarios. Participants will work in groups to strategise an optimal approach to securing the airway and manage any complication that might arise. A team of experts with extensive experience will conduct this programme. Delegate numbers are limited to 25 places to allow maximum opportunity to interact with the faculty.

FACILITATORS:

Chris Acott
Lucy Chan
Vinodh Suppiah

Hamidah Ismail
Ina Ismiarti Shariffuddin
Nicole Shilkofski

Mafeitzeral Mamat
Tan Leng Zoo

PROGRAMME

0830 – 0900	Registration
0900 – 0905	Welcoming speech
0905 – 0935	Recognition of Difficult Airway in Children <i>Lucy Chan</i>
0935 – 1000	Difficult Airway Guidelines in Children <i>Ina Ismiarti Shariffuddin</i>
1000 – 1030	Tea
1030 – 1100	Intubation in Children with Maxillofacial Fractures <i>Chris Acott</i>
1100 – 1230	Case Scenarios Discussion <i>Hamidah Ismail, Vinodh Suppiah, Tan Leng Zoo</i>
1230 – 1330	Lunch
1330 – 1600	SKILL STATIONS (4-5 persons/station, 25 mins each station) 1. Fiberoptic Intubation Using a Flexible Fiberscope: Oral, Nasal, via LMA 2. Bonfils Intubation Fiberscope 3. Emergency Cricothyrotomy and Jet Ventilation 4. Videolaryngoscopy in Children 5. Supraglottic Airway Devices in Children 6. Simulation in Paediatric Airway
1600 – 1630	Q & A Session
1630 – 1700	Closing & Tea

Pre-Congress Workshops

3rd April 2014, Thursday (0830 – 1700 hrs) *[cont'd]*

4. Ultrasound Life Support Workshop (Limited to 25 participants)

VENUE: Berjaya Times Square Hotel & Convention Centre, Kuala Lumpur

The Ultrasound Life Support Workshop deals mainly with protocols and approaches of ultrasound examination in unstable patients. The emphasis is application of ultrasound assisted clinical examination in the era of perioperative ultrasound.

This compact one-day workshop is structured with lectures, hands-on and interactive sessions. It will provide an overview of relevant head and neck, airway, lung and cardiac sonography in normal and pathological states, as well as hands-on training session on models. A set of focused ultrasound protocols will be discussed, including ACES & RUSH, FEEL/FEER and FATE. The trainers are clinicians trained in perioperative and critical ultrasound, and themselves affiliated to WINFOCUS International.

5. Deep Block with Neuromuscular Blocking Agents (Limited to 20 participants)

(Hosted by Hospital Kuala Lumpur in collaboration with Merck Sharp & Dohme)

VENUE: Hospital Kuala Lumpur, Kuala Lumpur

INVITED FACULTY: Dr Nolan McDonnell

SYNOPSIS:

This workshop, featuring Associate Professor Dr Nolan McDonnell, from King Edward Memorial Hospital for Women, Perth, Western Australia, focuses on the concept of deep neuromuscular blockade to facilitate optimal surgical conditions. This is designed to network the anaesthesiologists with the surgeons, fostering a strong partnership to enhance surgical experience besides serving as a forum to share perspectives and experience. There will also be live demonstrations on the application of this concept in the operating theatre to enable coupling of deep neuromuscular blockade with fast, predictable and complete reversal.

PROGRAMME

0830 – 0840	Opening Remarks and Introduction of Workshop Objectives
0840 – 0910	Has Deep Neuromuscular Blockade a Place in Modern Anaesthesia?
0910 – 0940	Deep Neuromuscular Paralysis – An Orthopaedic Surgeon's Perspective
0940 – 1000	Tea
1000 – 1230	Case Observation (Orthopaedic)
1230 – 1330	Lunch
1330 – 1600	Case Observation (Laparoscopies)
1600 – 1630	Postoperative Residual Curarisation: Problems and Strategies
1630 – 1700	Benefits of Deep Neuromuscular Paralysis in Laparoscopic Surgeries – A Surgeon's Perspective
1700 – 1730	Group Discussion and Summary

Daily Programme

4th April 2014, Friday

0730 – 0830	Registration
0830 – 0915	Plenary 1 Evidence-Based Practice in Anaesthesia <i>Neville Gibbs</i>
0915 – 1000	Opening Ceremony
1000 – 1030	Tea / Trade Exhibition
1030 – 1200	Symposium 1 <i>Ambulatory Anaesthesia</i> <ol style="list-style-type: none">1. The Pain Free Day Care Patient <i>Kavita Bhojwani</i>2. TIVA for Daycare Anaesthesia <i>Hugo Vereecke</i>3. Quality Recovery in Daycare Surgeries <i>Stefan Roehrig</i>
1030 – 1200	Symposium 2 <i>High-Risk Anaesthesia</i> <ol style="list-style-type: none">1. Anaesthesia for the Obese Patient <i>Anju Grewal</i>2. Perioperative Cardiac Risk Stratification <i>Florian R Nuevo</i>3. The Substance Abusing Patient... Anaesthesia and Analgesia <i>Ramani Vijayan</i>
1200 – 1400	Lunch Satellite Symposium & Friday Prayers
1400 – 1530	Symposium 3 <i>Regional Anaesthesia</i> <ol style="list-style-type: none">1. Nerve Injury: Transient or Permanent? – The Evidence So Far <i>Amiruddin Nik Mohamed Kamil</i>2. Regional Anaesthesia in the Anticoagulated <i>Mafeitzeral Mamat</i>3. USRA: Reducing the Steepness of the Curve <i>Krishna Boddu</i>

Daily Programme

4th April 2014, Friday *[cont'd]*

1400 – 1530	Symposium 4 <i>Safety and Quality Assurance</i> <ol style="list-style-type: none">1. Quality and Safety Indicators in Anaesthesia <i>Neville Gibbs</i>2. Anaesthesia Safety: Model or Myth? <i>Florian R Nuevo</i>3. Joint Commission International Accreditation: IJN's experience <i>Ariffin Marzuki Mokhtar</i>
1400 – 1530	Concurrent Workshop 1 <i>Effective Presentation</i> <i>Lim Wee Leong, Chan Yoo Kuen</i>
1530 – 1600	Tea / Trade Exhibition
1600 – 1730	MSA Award
1600 – 1730	MSA AstraZeneca YIA Award
1600 – 1730	Concurrent Workshop 2 <i>Airway Workshop</i> <i>Chris Acott, Tan Leng Zoo, Muhammad Maaya</i>
1730 – 1900	MSA Annual General Meeting
1930	Faculty Dinner <i>(by invitation only)</i>

Daily Programme

5th April 2014, Saturday

- 0730 – 0830 **Meet-the-Professor Session**
Tips and Tricks of Passing Part I MMed (Anaes)
Chan Yoo Kuen, Raha Abdul Rahman
- 0830 – 0915 **Plenary 2**
Training in Anaesthesia: What is the Future?
Nicole Shilkofski
- 0915 – 1000 **Plenary 3**
A Myth or A Reality? Day Surgery Craniotomy and its Challenges
Krishna Boddu
- 1000 – 1030 Tea / Trade Exhibition
- 1030 – 1200 **Symposium 5**
Airway
1. Videolaryngoscopy: A Paradigm Shift in Daily Routine Airway Management
Chris Acott
2. Cricothyrotomy Puncture: The Airway Crisis
Mohd Basri Mat Nor
3. Supraglottic Airways in ENT Surgeries
Tan Leng Zoo
- 1030 – 1200 **Symposium 6**
Critical Care
1. Criteria for Elective ICU Admission Following Surgery
Raha Abdul Rahman
2. Revisiting Acid Base in the Critically Ill
Nor' Azim Mohd Yunos
3. Pain, Sedation and Agitation in the ICU: Current Guidelines
Ahmad Shaltut Othman
- 1200 – 1400 Lunch Satellite Symposium [Merck Sharp & Dohme (Malaysia)]
Chairperson: Marzida binti Mansor
Review Strategies in Providing Muscle Relaxation and Managing Deep Neuromuscular Blockade
Nolan McDonnell

Daily Programme

5th April 2014, Saturday [cont'd]

- 1400 – 1530 **Symposium 7**
Paediatric Anaesthesia
1. Cardiac Output Monitoring in Sick Paediatric Patients
Nicole Shilkofski
 2. Fluid Management Revisited – Impact of the Starch Controversy
Hamidah Ismail
 3. Anaesthesia for Bronchoscopy in Children
Vinodh Suppiah
- 1400 – 1530 **Symposium 8**
Neuroanaesthesia
1. It's Just Another Case: Anaesthesia Concerns in Spine Surgery
Lim Wee Leong
 2. Awake Craniotomy and Choices of Anaesthetics Available
Wan Mohd Nazaruddin Wan Hassan
 3. Does it Matter? TIVA vs Inhalational Anaesthesia In Neurosurgery
Krishna Boddu
- 1400 – 1530 **Concurrent Workshop 3**
Ultrasound for Central Neural Axis & Paravertebral Region
Mafeitzeral Mamat, Amiruddin Nik Mohamed Kamil, Azrin Mohd Azidin, Lim Teng Cheow, Ahmad Afifi Mohd Arshad
- 1530 – 1600 Tea / Trade Exhibition
- 1600 – 1730 **Symposium 9**
Medicolegal
1. Recent Developments *Daryl Goon*
 2. Consent *Dhinesh Bhaskaran*
- 1600 – 1730 **Symposium 10**
Trauma
1. Role of Echocardiography and Lung Ultrasound in Critically ill Patient
Adi Osman
 2. Managing Anaesthesia in Trauma Patients
Stefan Roehrig
 3. Updates and Extended Use of Ultrasound in Trauma
Alzamani Mohammad Idrose
- 1600 – 1730 **Concurrent Workshop 4**
Monitored Anaesthesia Care
Muhammad Maaya, Hugo Vereecke
- 1730 – 1900 College of Anaesthesiologists Annual General Meeting
- 1930 Gala Night [Invited Artist: Adibah Noor]

Daily Programme

6th April 2014, Sunday

0730 – 0830	Meet-the-Professor Session Tips and Tricks of Passing Part II MMed (Anaes) <i>Lee Choon Yee, Marzida Mansor</i>
0830 – 0915	Plenary 4 Anaesthesia and the Environment <i>Chan Yoo Kuen</i>
0915 – 1000	Plenary 5 Obstetric Resuscitation: What's New? <i>Nolan McDonnell</i>
1000 – 1030	Tea / Trade Exhibition
1030 – 1200	Symposium 11 Obstetric Anaesthesia <ol style="list-style-type: none">1. Anaesthesia Consent for Labour: The Validity? <i>Anju Grewal</i>2. Intrathecal Catheter Insertion Following Accidental Dural Puncture <i>Lee Choon Yee</i>3. Induction of Anaesthesia for LSCS: Still Thio, Sux and No Opioids? <i>Azlina Masdar</i>
1030 – 1200	Symposium 12 Cardiac Anaesthesia <ol style="list-style-type: none">1. Perioperative TEE: Advantages and Limitations <i>Neville Gibbs</i>2. Haemodynamic Monitoring: Road Towards Non-Invasive! <i>Hasmizy Muhammad</i>3. Implantable Cardioverter Defibrillator – Key Anaesthesia Issues <i>Yong Chow Yen</i>
1030 – 1200	Symposium 13 Allied Health <ol style="list-style-type: none">1. Difficult Airway... What To Do? <i>Mafeitzeral Mamat</i>2. Transportation of the Critically Ill Patient <i>Nor Aizi Md Zain</i>3. Drugs in Anaesthesia... Updates <i>Azrin Mohd Azidin</i>
1200 – 1400	Lunch
