# PRE-CONGRESS WORKSHOP 1

## 3<sup>rd</sup> August 2023 (Thursday)

### Total Intravenous Anaesthesia: An Introduction and Update

*(Limited to 30 participants only)*

**Venue:** Hospital Umum Sarawak

**Time:** 0800 - 1600

**Convenors/Facilitators:** Chan Weng Ken, Sanah Mohtar, Tan Wei Keang, Teo Shu Ching

#### Synopsis

This one-day workshop will provide an updated overview of the clinical application of total intravenous anaesthesia (TIVA) and depth-of-anaesthesia (DOA) monitoring. The workshop will cater to 2 groups of participants - novice and intermediate TIVA practitioners. All participants will go through a series of lectures before being divided into groups for interactive demonstrations. Novice practitioners will focus on the primary application of TIVA for adult and obese patients. The intermediate group will be introduced to TIVA in the paediatric population and the advanced usage of the processed electroencephalogram. This workshop will be held in Sarawak General Hospital, Kuching. Participants will be rotated to multiple operating theatres and radiology suites for live interactive demonstrations on adult, paediatric, paediatric MRI and possibly neonatal cases utilizing TIVA and DOA monitoring.

#### Learning Objectives

1. Introduction to the basic concepts of TIVA, including pharmacokinetic-pharmacodynamic models of propofol, practical tips and its application in obese patients.
2. Explore the pharmacokinetic difference between the neonatal, paediatric and adult populations under TIVA as well as the various algorithms available.
3. Reviewing updates on depth-of-anaesthesia monitoring and understanding the numbers, patterns and waves on the patient to provide precision sedation.
4. Case-based discussions with expert panelists.

#### Target Audience

There will be two concurrent streams. Participants can choose to join either:

- Novice group - focuses on the primary application of TIVA in the adult population and modification in obese patients
- Intermediate group - focuses on TIVA in the neonatal and paediatric population and interpretation of DOA in these populations.

# PRE-CONGRESS WORKSHOP 1

## 3<sup>rd</sup> August 2023 (Thursday)

### PROGRAMME

0800 - 0830	Registration
0830 - 0915	<b>LECTURE 1</b> Introduction to TIVA: Basic Sciences and Clinical Application
0915 - 1000	Interactive Session - OT and NORA
1000 - 1030	Tea
1030 - 1115	<b>LECTURE 2</b> Neonatal, Paediatric and Adult TIVA: The Differences
1115 - 1200	Interactive Session - OT and NORA
1200 - 1330	Lunch
1330 - 1415	Depth of Anaesthesia Monitoring: Numbers, Patterns and Waveforms
1415 - 1500	Interactive Session - OT and NORA
1500 - 1530	Tea
1530 - 1600	Case-Based Discussion
1600	Adjourn

# PRE-CONGRESS WORKSHOP 2

## 3<sup>rd</sup> August 2023 (Thursday)

### Advanced Haemodynamic Monitoring (AHDM)

*(Limited to 30 participants only)*

**Venue:** Pullman Hotel, Kuching

**Time:** 0900 - 1630

**Convenors/Facilitators:** Mohd Fitry Zainal Abidin, Syarifah Noor Nazihah Sayed Masri,  
Omar Sulaiman, Laurence Weinberg

Maintaining homeostasis of haemodynamics is essential in treating patients throughout the perioperative period. With the latest advancement in medical technology, advanced haemodynamic monitoring (AHDM) has made significant progress in recent years.

However, applying the technology to clinical practice remains challenging for anaesthesiologists. The session aims to integrate knowledge of physiology, technology and physics into clinical conditions and ultimately leading to improved perioperative outcome for our patients.

#### Learning Objectives

1. Advocate the importance of AHDM in improving patient outcome.
2. Introduction of predictive flow dynamic parameter in combination with Eadyn and dP/dt.
3. Provide clinical scenarios of AHDM application including algorithms for appropriate timely interventions.

#### Target Audience

Anaesthesiologists

## PRE-CONGRESS WORKSHOP 2

### 3<sup>rd</sup> August 2023 (Thursday)

#### PROGRAMME

0900 - 0930	Registration
0930 - 1000	Changing Perception of AHDM: An Introduction & Evidence
1000 - 1130	Pragmatic Approach in Advanced Hemodynamic Monitoring
1130 - 1200	Hypotensive Predictive Index (HPI) - Merely Predicting Hypotension, or More?
1200 - 1230	Afterload Management - Eadyn or SVR?
1230 - 1300	Hemodynamic Algorithm: Surgery Specific and Patient Specific
1300 - 1400	Lunch
1400 - 1615	Workshop Station ( <i>45min each</i> ) <ul style="list-style-type: none"><li>• Screen Based Simulation</li><li>• Pulse Contour Analysis</li><li>• Interactive Case Discussion</li></ul>
1615 - 1630	Q&A / Wrap Up
1630	Adjourn

# PRE-CONGRESS WORKSHOP 3

## 3<sup>rd</sup> August 2023 (Thursday)

### Point-of-Care Ultrasound (PoCUS) for Anaesthesiologists

*(Limited to 35 participants only)*

**Venue:** Pullman Hotel, Kuching

**Time:** 0800 - 1700

**Convenors/Facilitators:** Ahmad Afifi Mohd Arshad, Amiruddin Nik Mohamed Kamil, Azrin Mohd Azidin, Hasmizy Muhammad, Lim Teng Cheow, Mohamad Hanafi Mohd, Mohd Fakhzan Hassan, Shahridan Mohd Fathil

#### Course Objectives

1. To educate participants in the principles of perioperative Point-of-Care Ultrasound (PoCUS) in various fields of anaesthesia and intensive care.
2. To demonstrate applied understanding of the principles of PoCUS in image acquisition & interpretation skills.
3. To allow participation in practical and interactive session that includes “hands-on” learning in real-time image acquisition & interpretation skills on volunteers/models.

#### Course Format

This one-day workshop consists of theoretical lectures and practical sessions on volunteers/models. Here participants will be given the opportunity to learn PoCUS in various fields of anaesthesia and intensive care. The workshop is tailored for anaesthesiologists with the aim of providing a conducive learning environment for practitioners.

#### Target Participants

Limited to 35 specialists and medical officers who are involved in the care of patients in anaesthesia and intensive care; particularly useful for those who have strong basic fundamentals in the use of ultrasound.

#### PROGRAMME

##### SESSION I (Lectures)

0715 - 0800 Registration

0800 - 0815 Introduction to PoCUS  
*Shahridan Mohd Fathil*

0815 - 0900 Principles for Vascular Access cannulation: Central & Peripheral Venous / Arterial  
*Lim Teng Cheow*

# PRE-CONGRESS WORKSHOP 3

## 3<sup>rd</sup> August 2023 (Thursday)

### PROGRAMME

- 0900 - 0945 Principles for Cardiac Ultrasound  
*Hasmizy Mohammad*
- 0945 - 1030 Principles for Airway and Lung Ultrasound  
*Ahmad Afifi Mohd Arshad*
- 1030 - 1045 Tea
- 1045 - 1130 Principles for Abdominal Ultrasound: Trauma (eFAST) / Gastric Content  
*Shahridan Mohd Fathil*
- 1130 - 1215 Understanding Lumbar Sonography  
*Azrin Mohd Azidin*
- 1230 - 1330 Lunch
- 1330 - 1650 **SESSION II (Hands-on by Group Rotation)**  
**Stations**
1. Vascular Access: Central Venous Cannulation / Peripheral Venous Cannulation / Arterial Line  
*Lim Teng Cheow / Amiruddin Nik Mohamed Kamil*
  2. Basic Airway and Lung US  
*Ahmad Afifi Mohd Arshad*
  3. Basic Cardiac Scan  
*Hasmizy Mohammad / Mohamad Hanafi Mohd*
  4. Basic Abdominal Scan + Gastric Content Assessment  
*Shahridan Mohd Fathil*
  5. Basic Lumbar Scan for Obstetric Anaesthesia  
*Azrin Mohd Azidin / Mohd Fakhzan Hassan*
- 1650 - 1700 Discussion

### END OF SESSION

# PRE-CONGRESS WORKSHOP 4

## 3<sup>rd</sup> August 2023 (Thursday)

### Leadership in Anaesthesia (WFSA AARS Module)

*By invitation only*

**Venue:** Pullman Hotel, Kuching

**Time:** 0800 - 1700

**Convenors/Facilitators:** Chris Bowden

#### Learning Objectives

##### Fundamentals of Leadership

- Explore our understanding and the importance of clinical leadership through interactive discussion
- What makes someone an effective leader?
- Barriers to effective leadership
- Contrast leadership and management

##### Leadership Styles & Communication

- Be able to describe different attributes of leadership
- Begin to recognize and apply different leadership styles
- Be able to understand varying communication styles and how they can be used in leadership

##### Leading Change

- Recognise the need for change in healthcare systems to improve safety and quality
- Identify some of the common barriers to change
- Design a change project for a healthcare scenario
- Gain confidence to lead change within your organisation

##### Leading Healthy Teams

- Explore key issues and recent stressors that impacts our mental health as anaesthetists
- Review and explore reasons for and the management of clinician burnout
- Outline strategies clinical leaders may utilise to optimise the wellbeing of staff

##### Q&A

- An opportunity to conclude the workshop with an interactive discussion

## **PRE-CONGRESS WORKSHOP 4**

### **3<sup>rd</sup> August 2023 (Thursday)**

#### **PROGRAMME**

- 0800 - 0830 Welcome and Introductions
- 0830 - 0915 Fundamentals of Leadership
- 0915 - 1045 Leadership Styles and Communication
- 1045 - 1115 Morning Tea
- 1115 - 1245 Leading Change
- 1245 - 1345 Lunch
- 1345 - 1545 Leading Healthy Teams
- 1545 - 1615 Q&A

# DAILY PROGRAMME

## 4<sup>th</sup> August 2023 (Friday)

0800 - 0845    Registration
