Message from the Organising Chairman

Dear Delegates and Guests

On behalf of the Organising Committee of the Annual General Meeting / Annual Scientific Meeting of the Malaysian Society of Anaesthesiologists and the College of Anaesthesiologists, it gives me great pleasure to welcome all of you to our wonderful and beautiful city of Johor Bahru. We have put together a very exciting and stimulating scientific programme in line with the theme "Taking Anaesthesiology to Greater Heights".

The meeting will also showcase numerous new innovations and equipment in anaesthesia. Besides the conference there are many tourist destinations within the state of Johor to keep delegates occupied. It is with much anticipation we hope to see you all in Johor Bahru and make this meeting a successful one.

Thank you.

Pre-Congress Workshops

22nd April 2010, Thursday Pre-Congress Workshops

Workshop 1 • Paediatric and adult airway (limited to 50 participants)

COORDINATOR: Dr Toh Khay Wee

FACILITATORS: • Dr Rubanpoopalingam • Prof Friedrich Karl Puehringer
• Dr Vinodh Suppiah

VENUE: Ballroom 1

TIME: 0930 – 1600 hrs

SYNOPSIS: The airway workshop is intended to train and to update anaesthetists on the latest airway techniques and the challenges on managing a difficult airway. It will consist of lectures in the morning session with a hands on session workshop in the afternoon. You will be encouraged to present any difficult airway scenarios you have encountered to our panel of experts during the Q & A time at the end of each lecture.

Workshop 2 • Total Intravenous Anaesthesia – TIVA (limited to 50 participants)

COORDINATOR: Prof Lim Thiam Aun

FACILITATORS: • Dr Elizabeth Hentgen • Prof Lim Thiam Aun

VENUE: Auditorium 2

TIME: 0930 – 1600 hrs

SYNOPSIS: Intravenous medication commonly used for TIVA include: propofol, remifentanyl, alfentanil, sufentanil, and the non depolarising muscle relaxants. Most of these intravenous agents can be given by a Target Controlled Infusion (TCI) using a number of purpose built infusion pumps.

In addition to discussing the use of the above agents in TIVA, we will address some of the common concerns such as: How do I ensure the correct depth of anaesthesia? How do I adjust for different population groups? In particular, we will focus on the use of TIVA for sedation during endoscopic procedures.

Pre-Congress Workshops

Workshop 3 • Winfocus – Ultrasound Life Support “USLS Basic Level 1 Certification”

(limited to 30 participants)

COORDINATOR: Dr Shahridan Mohd Fathil

FACILITATORS: • Prof Luca Neri • Dr Enrico Storti • Dr Ariff Osman
• Dr Mahathar Abdul Wahab • Dr Alzamani Mohammad Idrose

VENUE: Angsana / Hibiscus

TIME: 0830 – 1600 hrs

SYNOPSIS: WINFOCUS (World Interactive Network Focused On Critical Ultrasound) is the world's leading scientific organization committed to developing point-of-care ultrasound practice, research, education, technology, and networking, addressing the needs of patients, institutions, services, and communities in "critical" scenarios

CRITICAL ULTRASOUND

The concept of 'critical ultrasound' evolved recently from 'emergency ultrasound' performed at the 'point-of-care' in scenarios such as emergency departments, ICUs, pre-hospital care, austere environments, disaster scenes, tactical operations, and humanitarian care missions.

In such settings ultrasound point-of-care image acquisition and interpretation, integrated with advanced life support protocols (ACLS, ATLS) according 'ABCDE' and 'Head-to-toes' -type approaches, allows for rapid and effective decision making, enhanced triage, diagnosis, therapy, monitoring, and follow up. Nowadays, this approach is also known as 'Ultrasound Life Support'.

Pre-Congress Workshops

Workshop 4 • Ultrasound-Guided Regional Anaesthesia

(limited to 30 participants)

COORDINATORS: • Dr Shahridan Mohd Fathil • Dr Julina Johami

FACILITATORS: • Prof Peter Marhofer • Dr Akhtar Rahman • Dr Mohd Shahnaz Hasan
• Dr Amiruddin bin Nik Mohamed Kamil

VENUE: Cardiothoracic Seminar Room and Operation Theatre, 1st Floor, Bangunan Induk, Hospital Sultanah Aminah Johor Bahru, Johor

TIME: 0830 – 1600 hrs

SYNOPSIS: This workshop is designed for practitioners of varying expertise who incorporate or wish to incorporate the use of real time ultrasound imaging in their practice. The objectives of this workshop are to provide the workshop participants with the relevant and necessary information to increase knowledge and improve PNB performance. The workshop will aim to apply the principles of ultrasound towards safe practice of regional anaesthesia. The workshop will include a short introductory lecture preceeding the actual performance of the blocks.

The blocks included are: Upper limb blocks, Lower limb blocks, Epidural, Rectus sheath block and Ilioinguinal nerve block in children and TAP block. Prof Peter Marhofer will be spearheading this workshop. He is one of the gurus in the international arena of regional anaesthesia and especially, ultrasoundguided regional anaesthesia in the paediatric population.

Scientific Communications

The Scientific Committee welcomes the submission of free communication abstracts for presentation at the ASM 2010.

Free communications will be presented in one of the following formats:

- (a) Oral (for the MSA-AstraZeneca Young Investigator's Award and MSA Award)
- (b) Poster (for all other scientific communications)

Awards for best poster presentations: 1st prize RM1000; 2nd prize RM500; 3rd prize RM300.

Deadline for submission of abstract is **10th March 2010**.

When submitting abstracts via email, please send it as an attachment. Details regarding the presenting author must be typed separately in the message. Kindly email abstracts to acadmed@po.jaring.my

Guidelines for submission of Abstracts

- Abstracts are to be submitted in English.
- Organise the abstract under the headings: Title, Researchers (underline the Principal Investigator), Institution, Background, Objectives, Methods, Results and Conclusions.
- Abstracts of case reports will have the heading 'Report' instead of 'Objectives', 'Methods' and 'Results'.
- Abstracts must be accompanied by payment of registration fees. If the abstract is subsequently not accepted for presentation, the registration fee will be refunded to the author in accordance with the cancellation policy.
- Scheduling details and guidelines for the final preparation of accepted presentations will be included with the notification of acceptance.
- Authors who have applied to compete in the Young Investigator's Award or MSA Award and whose abstracts are not selected can opt for the poster presentation if they so wish.
- The final selection will be the responsibility of the Scientific Committee.

Instructions for Poster Presentation

- Presentation in the Poster Session will be numbered as listed in the programme.
- The poster board area is 0.9 m (width) x 2.5 m (height).
- The top of the poster must have a label indicating its title and author(s).
- All illustrations should be prepared beforehand. The illustrations should be readable from a distance of 1 meter. Keep illustrations simple.
- Posters must not be mounted on heavy board because they may be difficult to keep in position on the poster stands.
- Posters must be dismounted by 1100 hrs on the last day of the Scientific Meeting. The Organising Committee will not be responsible for posters that have not been dismounted by the stipulated time.

Awards

• Malaysian Society of Anaesthesiologists – AstraZeneca Young Investigator's Award

The Malaysian Society of Anaesthesiologists and AstraZeneca Sdn Bhd are proud to announce the Young Investigator's Award for original work in the fields of Anaesthesiology, Intensive Care and Pain Medicine. The award is given in recognition of outstanding original work and consists of an honorarium of RM3,000 and a certificate of merit.

This competition is open to Malaysians below the age of 40 as of 1st January 2010.

• MSA Award

The Malaysian Society of Anaesthesiologists initiated the MSA Award to encourage medical investigators in the country to participate in the proceedings of the Annual Scientific Meeting. The MSA recognises the importance of research in the advancement of the discipline and supports efforts to develop this activity. This award is given to the researcher who has shown great achievement in research and consists of an honorarium of RM 3,000 and a certificate of merit.

This competition is open to all Malaysian medical practitioners. There is no age limit.

Rules (for both Awards)

1. The award will be given to the doctor who presents the best oral free paper on any topic in Anaesthesiology, Intensive Care or Pain Medicine at the Annual Scientific Meeting.
2. The work must have been carried out substantially in Malaysia.
3. Only original work not previously published or presented will be considered.
4. A 350 to 400 word abstract has to be submitted before the closing date. The abstract should include a short discussion on how this work will enhance clinical practice.
5. The Executive Committee of the Malaysian Society of Anaesthesiologists shall appoint the panel of judges. The decision made by the panel of judges shall be final.
6. In the event that no entry of sufficient merit is presented, the panel of judges may recommend that no award be made.
7. Closing date for applications to participate in this competition is **10th March 2010**.
