

# NYSORA<sup>asia</sup> 2012

New York School of Regional Anesthesia

6th Pan-Asian Symposium on Regional Anesthesia and Ultrasonography in Perioperative Medicine

A co-sponsored CME program by [www.NSYORA.com](http://www.NSYORA.com), Department of Anesthesiology St. Luke's and Roosevelt Hospitals

March 3 & 4 (Sat & Sun), 2012  
Hotel Equatorial  
Ho Chi Minh City, Vietnam

Registration  
is available now @  
[www.Nysoraasia.Com](http://www.Nysoraasia.Com)

*Please contact us for special group registration rates.*

**CALL FOR ABSTRACTS**

Deadline:

31st January 2012

(Abstract presenters must  
register for the symposium)

Ho Chi Minh City

# About NYSORA Asia

NYSORA (New York School of Regional anesthesia) is delighted and honoured to announce the 6th NYSORA Asia Symposium on Regional Anesthesia and Ultrasonography in Perioperative Medicine! The 6th NYSORA Asia Symposium will be held on 3rd and 4th March 2012 in Ho Chi Minh City, Vietnam.

NYSORA Asia symposiums have become immensely popular among anesthesiologists since its first ever symposium in Singapore in February 2007. NYSORA Asia symposiums have been held every year in various Asian cities like Hong Kong, Kuala Lumpur, Bangkok and Bangalore. Keeping up with the huge demand and interest, NYSORA Asia proudly presents the 6th NYSORA Asia symposium in Vietnam.

During the 2-day conference world-renowned experts in the field of Anesthesiology will share their knowledge and wealth of experience in the rapidly evolving areas of anesthesiology. Trends and developments in Regional Anesthesia and Ultrasound Guided Regional Anesthesia will be presented. The workshop sessions will provide a hands-on experience in nerve block techniques and trans-esophageal echocardiography.

The NYSORA symposium is a CME accredited course and certificates will be awarded to the delegates on completion of the workshop. We are sure that you will find this conference of immense educational value. Enjoy the NYSORA experience!

## NYSORA Faculty

★ Dr. Admir Hadzic  
★ Dr. Phillippe Gautier  
★ Dr. Catherine Vandepitte

★ Dr. Shibata Yasuyuki  
★ Dr. Thomas B. Clark  
★ Dr. Honorio Benzon

★ Dr. Manoj Kumar Karmakar  
★ Dr. Alan Santos  
★ Dr. Daquan Xu

★ Dr. Uma Shastri  
★ Dr. Kwesi Kwofie  
★ Dr. John Wasnick

★ Dr. Victor Chee  
★ Dr. John Laur  
★ Dr. Ali Shariat

## Programme

| Saturday, 3rd March 2011 |                                                                              |                          |
|--------------------------|------------------------------------------------------------------------------|--------------------------|
| Time                     | Title                                                                        | Faculty                  |
| 8:30 - 9:00              | Interscalene and Supraclavicular Block                                       | Dr. Phillippe Gautier    |
| 9:00 - 9:30              | Infraclavicular and Axillary Block                                           | Dr. Catherine Vandepitte |
| 9:30 - 10:00             | Distal Blocks of the Upper Extremity                                         | Dr. Victor Chee          |
| 10:00 - 10:30            | COFFE BREAK                                                                  |                          |
| 10:30 - 11:00            | Intercostal and Thoracolumbar Paravertebral Blocks                           | Dr. Shibata Yasuyuki     |
| 11:00 - 11:30            | Musculo-Skeletal Ultrasound Anatomy for Common Pain Procedures               | Dr. Thomas B. Clark      |
| 11:30 - 12:00            | Panel Discussion with AM Faculty                                             |                          |
| 12:00 - 13:00            | LUNCH                                                                        |                          |
| 13:00 - 13:30            | Sciatic, Popliteal and Ankle Blocks                                          | Dr. Honorio Benzon       |
| 13:30 - 14:00            | Fascia iliaca and Femoral Blocks                                             | Dr. Admir Hadzic         |
| 14:00 - 14:30            | COFFEE BREAK                                                                 |                          |
| 14:30 - 15:00            | Truncal Blocks: TAP, Ilioinguinal, Genitofemoral & Lateral Femoral Cutaneous | Dr. Shibata Yasuyuki     |
| 15:00 - 15:30            | US-Guided Epidural and Spinal Blocks                                         | Dr. Manoj Kumar Karmakar |
| 15:30 - 16:00            | Panel Discussion with PM Faculty                                             |                          |

## Break out Sessions

| Break Out Session 1 : Saturday, 3rd March 2011 |                                                                                                                                   |                  |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|------------------|
| 9:30 - 10:30                                   | Obstetrical Emergencies<br>Format: PBLD Discussion<br>Limited to 20 participants                                                  | Dr. Alan Santos  |
| Break Out Session 2 : Saturday, 3rd March 2011 |                                                                                                                                   |                  |
| 13:30 - 14:30                                  | Practical TEE (Transesophageal Echocardiography)<br>Format: PBLD Discussion with Case Presentations<br>Limited to 20 participants | Dr. John Wasnick |

## Call for Abstracts

All abstracts should be in English. Abstracts previously presented at other large anesthesia gatherings within the last 12 months can qualify for submission to this meeting.

### INSTRUCTIONS FOR AUTHORS

Abstract length should be up to 3000 characters (about 500 words). Tables and figures with legends can be submitted. The abstract should be organised into the following sections:

- ★ Introduction with Hypothesis
- ★ Methods
- ★ Results
- ★ Discussion
- ★ Conclusion
- ★ References

Abstract presenters must register for the symposium. Accepted abstracts will be published in the 2012 NYSORA Asia Programme & Abstract Book.

Abstracts should be submitted via email to [na2012@pinghealthcare.com](mailto:na2012@pinghealthcare.com).

Deadline for abstract submission is 31 January, 2012

## Workshops

| Workshop 1 : Saturday, 3rd March 2011 |                                                                                                                              |                                                                                                             |

## Associate Faculty

NYSORA-Asia programs now feature NAPP (NYSORA Academic preceptorship Track Program) Associate Faculty allowing up-and-coming faculty to actively teach workshops and work along internationally renowned faculty. The Associate Faculty will be provided free registration for the Symposium, and will receive complimentary invitation to all social and faculty events. No travel or lodging reimbursement is provided. Potential Associate Faculty should apply with their CV indicating teaching experience to [na2012@pinghealthcare.com](mailto:na2012@pinghealthcare.com).
